REGULAR BUSINESS

1. Meeting open to the public for discussion of agenda items.

- **Public member #1** – had questions with regards to agenda items as follows: page 7, items #12, #13 and #14. Regarding item #12: more information was requested on the program. Regarding Item #13, the Ceres School is the only school preparing kids for PARC, so why aren't all schools doing a program similar to this during their ½ day sessions so that schools don't have to spend so much money on professional development for teachers? Regarding item #14, the question was asked as to what this program is. Page 8, item #16 - who will be getting this refresher training. Item #19 - is this a typo or should it say at a total cost not to exceed 'x'.
- Dr. Rodriguez said that it should be at a total cost.
- Mr. Lebreault said these questions will be addressed during the curriculum portion of the agenda.
- **Public member #2** – Congratulated the new Board members on their election and Mr. Lebreault on being elected President. Kudos to Mrs. Gonzalez for giving her all and trying to bring peace to the Board.
- **Public member #3** – Congratulated the newly elected Board members and stated that respect needs to be given when Mr. Jess and Mr. Lebreault are talking. Some people are not paying attention. Everyone on the Board needs to pay attention to what the others are saying.
- **Public member #4** – Asked about item #4 on page 11 - the SAT course. It's important for the Board to pay for this program and for students to take advantage of it. We have a large number of people who need to take this exam, but only 50 people are being approved. Why are there no more?

B. Board President’s Report -

- Mr. Lebreault read the bereavement notices and provided condolences to those employees who lost a family member.
- Mr. Lebreault provided citations to Mr. Rodriguez, Mr. Nunez and Ms. Tejeda which were presented by the legislature and signed by Senator Vitale.
- Mr. Rodriguez thanked everyone and to those who voted. Together with the administration, teachers, and parents we will create a better school. We need to work with the parents so that they can help their children.
- Mr. Nunez thanked his family for supporting him, his church and his friends, his extended family and those who worked on his campaign. He thanked his supporters and his constituents. He thanked God, as he is dependent on him to give moral and spiritual strength to make the right decisions. Thanks to those who ran and those who participated. He prays that with his current colleagues, we’ll move the Board forward. His goal is service and that’s the price that he pays for his place here. We must be our kids care takers, come together to strengthen and improve our schools.
- Ms. Tejeda thanked God for the opportunity to serve her community. She thanked her family for their moral support during the campaign and to those who worked on her campaign. She thanked those who voted for us. We promise to continue serving our kids for the best education possible and thanks to all the citizens who voted. The education of the future leaders is important to you as well. Don’t let anyone manipulate or intimidate or take your privileges away from you. Keep voting for your choice. Why did she run for re-election? Because she cares about the future of our city. The students, community, and staff are the most important. We will continue to make every effort to help those who have the same vision as our Board. There are many challenges ahead, but we’ll accomplish what we need to and we’ll come to work and provide to all of our kids, the education that they need for their lives.

Re-Organizaton Speech (January 7, 2015)

Good evening parents, faculty, staff, friends, and students. I will first address myself to you in English. Afterward, I will do so in Spanish. And, I ask for your indulgence due to my lengthy remarks.

Welcome back from our winter recess and may you all have a healthy and prosperous year. I thank you for being here tonight and for viewing this telecast either through our website or our local access channels. I want to start by first expressing my gratitude to you for supporting this board over the last year. I also want to thank this board for selecting me to lead the continuation of our effort to return this district to normalcy and success. Although there will be many tough decisions to be made this year, it is my and this board’s intent to work together as a board, with our staff, our parents, the community, and our students to achieve success. Additionally, wherever possible, this board will seek and welcome collaboration with organizations to assist this board in improving our district.

Today, I am assuming the duties of the President of the Perth Amboy Board of Education. This post brings with it a lot of responsibilities and challenges. And, I fully expect this year to be a very challenging year. However, I do find comfort in this board’s ability to rise to those challenges; as well as that of our administration.

Re-Organizaton Speech (January 7, 2015) (continued)

In fact, this board is building upon the efforts of last year's leadership team; at the board, our outgoing President, Mrs. Gonzalez, and the administration, Interim Superintendent, Dr. Rodriguez. It is to these outstanding individuals to whom I turn my attention.

Last year's board appointed Dr. Vivian Rodriguez as Acting Superintendent and subsequently Interim Superintendent to start and continue the effort to repair the damage done by those who sought to vanquish our district to the catacombs of good learning institutions in our State. Although the damage was great and the task daunting and at times riddled with obstacles, Dr. Rodriguez never strayed from the course she set at the onset of her superintendence tenure. As for Mrs. Obdulia Gonzalez, as Board President, she showed her leadership throughout the entire year. she was eloquent, confident, poised, and handled very difficult situations with Solomon's wisdom while seeking cooperation and consensus amongst board members and other organizations. She too, set her own course; a course to correct curriculum inadequacies and shortcomings, as well as to heal this district at the board level, at the district level; and may I add, at the city level. These two leaders receive the unqualified support of the board and led us throughout the year to achieve many noteworthy successes. I proudly mention some of them:

- Our District set eighteen QSAC goals to address state mandates and improve district performance
- Staff evaluations were completed on time and in accordance with state guidelines for the first observation cycle.
- We upgraded our personnel department; thus giving the district additional tools to increase staff knowledge and achievement; as well as accountability
- We restructured and addressed many staff needs at our HS; thus, setting in motion future better performance by our students in all measurable facets of their development as high school students and future college material
- We submitted to the county our Quality Single Accountability Continuum requirements
- We held our first Parents Literacy Convention
- We increase parental involvement as well as increased dissemination of information to our parents.
- We approved numerous job descriptions as well as necessary new positions to address critical district needs.
- We brought an end to persecutions, intimidations, and retaliations, and we saw an end to perhaps the lowest morale that our staff has ever experienced
- On many occasions, we appointed from within administrators that have shown true leadership in our district; amongst them, principals at both Herbert N. Richardson and Robert N. Wilentz Schools, Vice Principals at the High School, Samuel E. Shull Middle School, and Robert N. Wilentz School, as well as a new District Supervisor of Technology
- We took on an unprecedented curriculum writing initiative on time to meet QSAC guidelines
- We approved the return of the High School 9th Grade Academy
- Our High School students are now exposed to a more rigorous curriculum that will better prepare them for success at higher education institutions
- Opened learning centers at the middle school level
- Parent portal is now a reality
- We improved our credit recovery program for our high school students
- We started the work to improve upon our district code of conduct
- We initiated an overall update of our bylaws
- Our security staff is better trained and better prepared than ever before
- We made major personnel & programmatic changes in the Bilingual Program
- We addressed Common Core State Standards district-wide
- We took on a K-1 Literacy Initiative as well as a Middle Grades Literacy Block Restructuring Effort
- We installed a District Supervisor for Mathematics and Science to better improve our performance in the K to 8 grades
- We now have every school staffed fully at the administration level and at an estimated 99% level at every other position
- We now have a Dean of Students at the High School
- We now have department chairs at the High School to better guide and support our staff and implement policies and procedures
- We stated to create pacing guides and benchmark assessments K – 8
- We started environment work to facilitate the building of another elementary school
- We authorized our Business Office to engage in the initial stages to procure land that will allow the State Department of Education to build us a new high school

While these achievements demonstrate our commitment to the residents of our city, specifically to our students, this board cannot rest on its laurels. The task ahead is at least as daunting as last year's. Last year's board was committed to getting us back on track to correct curricula issues and heal our wounded district. Led by our interim superintendent and my predecessor Mrs. Gonzalez, we took giant steps in those directions. Nevertheless, this year will prove to be just as challenging in setting the course in a direction that is more in line with the vision of this board. This year, through superintendent, we will work to improve the way the district is being administered. Our intent is to have as effective and transparent a district as practical. To accomplish that, there has to be change in the way we do business on a daily basis. This will not sit well with the few that do not have the best interest of this district at heart. We must tow the line to eliminate waste, deft, inefficiencies, unfairness, and procrastination. Thus, this board and the superintendent must and will conduct a top to bottom review of the structure of this district, analyze the findings, arrive at conclusions, make recommendations and implement them.

Re-Organizaton Speech (January 7, 2015) (continued)

It will be painful at times, but this board believes that we have an excellent staff all the necessary funds to succeed, **curricula that targets gaps, challenges our students and prepares them for the future**, and, our students are eager to learn. Let us now start the work that will ensure that all these parameters are working together to achieve success.

I thank my fellow board members and the citizens of this great city for allowing me to be part of the team that will help our students compete and excel for the foreseeable future in this very competitive world. Thus, I ask my fellow board members to be the access to the school district that our residents expect us to be, to support our students daily with our presence in classrooms, school events, sports and academic competition, PTO meetings and whenever and wherever our staff requires our participation. While staying within board constraints, we have to set the example by being proactive, open, inquisitive, involved, hard-working, and above all – maintain our honesty and integrity beyond reproach.

You gave us your trust, now we ask for your patience and understanding while we set in motion many of the changes that you put us here to initiate and complete.

Thank you!

C. Acting Superintendent’s Report – Dr. Vivian C. Rodriguez

- Dr. Rodriguez congratulated the newly elected Board members and wished everyone a Happy New Year. January 6th was the celebration of Three Kings and it also marked her first year as Acting Superintendent. That’s her gift and she thanked the Board for that opportunity.

- 12). Approval to implement the iReady Student Instruction Online Personalized Program at the Anthony V. Ceres School at the rate of \$30.00 per student, not to exceed \$7,000.00, funded through the Federal Office.

<u>Gonzalez</u>	<u>Tejeda</u>	
Motion	Seconded	CARRIED UNANIMOUSLY

- Dr. Rodriguez stated that it's consistent with the best practice lesson structure for kids. It reminds her of the WAGGLE Program. It's a new program, started at Shull and they want to try it after school at Ceres School. It's PARCC like questions on simulated PARCC tests.

- 13). Approval for Standard Solutions to provide professional development to the staff of the Anthony V. Ceres School, to prepare students for the ELA & Math PARCC assessments, at a cost of \$6,000.00 (\$2,000 per day) funded through the Federal Office.

<u>Gonzalez</u>	<u>Tejeda</u>	
Motion	Seconded	CARRIED UNANIMOUSLY

- Dr. Rodriguez stated the schools have their own budgets and even though we do a district-wide PD, the School SCIPS can do their own professional development. We would share those ideas amongst the other schools.

- 14). Approval to implement the WIN-"What I Need" Program. This program will provide a resource room with two (2) certified teachers addressing the individual academic needs of each student, through the use of technology, combined with differentiated instruction, with the support of parents. The rate of service(s) for said program is 2 certified teachers for 87 days at a total cost of \$5,916.00, to be funded through Federal Funds.

10. Recommendations of the Acting Superintendent of Schools

A. Curriculum Committee

- This was a program that was created by the Ceres School staff. The idea is to give additional monies to pay teachers or give time to create a resource room for the kids to get additional help for the State assessments. They will use technology to help the kids learn and understand the State test. It's an initiative that is done by the Ceres School.
- Mrs. Gonzalez mentioned that since this is funded by Federal money, she advises the other schools to do something similar. We're trying to replace some programs that were lost because the 21st Century Grant was not re-funded.
- Mr. Rodriguez asked how many students take advantage of the program.
- Dr. Rodriguez stated she didn't have that information, but she would get it for him.

- 15). Approval for Warning Order, LLC to provide a one-day Physical Restraint System Training to all new administrators and security personnel and for those administrators that did not attend the first session. Tentatively scheduled for April 30, 2015, at a cost of \$4,000.00, funded through the district professional development account.

- With regards to items #15 & #16, Mr. Varela said he attended this training and it teaches staff how to deal with certain problems. Board of Education members could attend at no additional cost. The instructor was very good and our people can be at the top of their game with this training.
- Mr. Wolff stated that item #15 is to provide training to new staff, both security and administrators, as existing staff have already had this training. With regards to item #16, this training is a refresher for our staff. Any type of training that we need has to be constantly updated, especially with hands on physical restraint training. This is a two-hour training. We have a new policy in place requiring training for our staff and this covers the district from a liability standpoint as well. Mr. Martinez, who is providing the training is professional and he was the SWAT Commander in town.
- Mr. Lebreault asked if the frequency of the refresher is necessary every eight months.
- Mr. Wolff stated that he would like to see this training every year. Security Officers are trained in incident command, verbal judo, CPR, AED and other areas. There are certain trainings that we are mandated to do every one to two years. While this one is not mandated, it's in our best interest to do this every year. Our policy says administrators, principals, vice principals and security officers get this training, not teachers. This is the select staff, not staff that Mr. Wolff or anyone else picks.

- 17). Approval to adopt the revised Curriculum Guide's listed below for implementation during the 2014-2015 school year.

- Mr. Lebreault stated that Dr. Brown alluded to how some teachers are selected to teach G&T, which is an arbitrary process that needs to change. He asked how these teachers were selected.
- Dr. Rodriguez stated that the position was posted and people applied. The applications were reviewed by the Supervisor and the Principal.
- Mr. Varela stated regarding the Teach to One program, if it's a supplemental math that's being provided and Teach to One is supposed to be a great program, why are we doing this.
- Dr. Rodriguez said she didn't have the information but she would provide it at the next curriculum meeting.
- Mrs. Gonzalez stated that our scores have gone down in math. She questioned the program and the principal said if the scores go down again it will be the last year of the program. This is an attempt to have a learning type center to increase the math scores and to help our students. This is to keep us in front of the RAC.
- Dr. Rodriguez said Dr. Monroe from Rowan will be here to do an assessment of math in grades K-8. She's asking the Board for their patience in the math area as we work on all aspects to move forward.
- Mr. Ortiz stated that it's a \$40,000 program, and you should know if the program is or is not working within two years. Why get rid of it now? If we pay for one more year we will own the Teach to One Program, so we should think about keeping it and working with the people to make sure it works right.

- Mr. Lebreault asked how does this work since this agreement hasn't helped us in the past.
 - Mr. Jess stated that this is a State mandated agreement.
 - Mr. Wolff stated we work well with the Police Department and with Deputy Chief Cattano. We do a good job with our internal investigations and we call the PD when needed.
 - Mr. Varela stated that there are certain things we cannot talk about, but the administration does anyway. Can things be put in place to stop us from doing the wrong thing? It's remarkable what Mr. Wolff has done. The Board is happy and has not been unhappy with what Mr. Wolff has done. Mr. Varela thanked Mr. Wolff for all his work.
 - Mr. Wolff stated that the Memorandum of Agreement is posted internally for administrators to review. Mr. Wolff works well with the administrators and will continue to do so.

- Mr. Varela spoke about school breakfasts and lunches and asked if we could research the ‘thaw and serve’ food because he’s heard some complaints about it. Mr. Jess said he would look into it.
- Ms. Tejeda said that teachers are saying that they still don’t have books at the elementary school levels. Dr. Rodriguez said she will look into it.

11. Old Business (continued)

- Ms. Tejeda stated that she heard a rumor regarding the focus schools and that the State is taking over the McGinnis School. Our parents need to be aware of what a focus school is so that they can understand it.
- Dr. Rodriguez said the State of New Jersey funded the Race to the Top Grant. The State agreed to leave NCLB and put in place a new plan to improve our schools. There are three types of schools: priority - which is the worst, focus - which needs improvement and reward – which means that the school is okay or excelling. In Perth Amboy both our middle schools are focus schools. Title I money must be appropriated to these schools and the RAC works with the schools to help improve them. A school improvement plan is put in place and we are currently in year three in our schools being a focus school.
- Ms. Tejeda asked if the State is taking over the school and Dr. Rodriguez said no, they are working with the school to help it improve.
- Mr. Lebreault stated that again we are hearing no books and no one is being held accountable for this. Why?

Approval of the following revised job description: Director of Federal Programs (Attachment)

- Mrs. Gonzalez stated that she's concerned that we're trying to kill two birds with one stone by adding the duties of the Gifted and Talented program to those of the Director of Special Programs. When we post for it we may have difficulty getting someone who has knowledge in both these areas. Dr. Brown spoke of the Gifted and Talented Program and what we need to do to make it a good program and this may not help us in that area. The person who has to do this must be very skilled in this area. We need to have more discussion.
- Mrs. Gonzalez asked why this position needs to be Central Office. Wouldn't it be better to have a literary person or director take that responsibility.
- Mr. Lebreault said he thought about it and as he is listening to the discussion now, he asked to see who we can get and if we can't get someone who we are satisfied with, as will be in the interviews, then we can decide.
- Dr. Rodriguez said Dr. Brown wants to work with us.
- Mr. Varela said it's 2015 and we're off to a good start. He's glad to see that everyone wants to move forward. New Board members are here and there is respect amongst all of us. Let's keep it going and move forward.
- Mr. Jess stated that perhaps this item can be tabled if not everyone is in agreement so that we can advertise for two separate positions. Mr. Jess realizes that combining these two positions will make the person extremely busy. The State auditors are currently in district doing the audit for Title I and have stated that these two positions should not be combined. They will not agree to a job description as a Federal person doing more than one job.

- Mrs. Gonzalez said that we've stated many times that we needed to do our due diligence to look at all properties, not just the housing authority site. The Delaney Homes offers us the best option at this time, however it's not the perfect option. The SDA discussed it with us and they will commit money for us to do this project. This Board is very interested in doing what's right for the community and this is the best decision at this time.
- Mr. Varela said that personally he wants a bigger piece of property for us to build the school on. He's glad that others were concerned, but we have to take what's available. He likes that the Board fought to give the best to our community.

12. New Business (continued)

- Mrs. Gonzalez spoke about the Superintendent Search and stated that the Board has completed the first round of interviews and the second round of interviews will begin shortly. There are some conflicted Board members, but now we have six non-conflicted Board members who can participate. The consultant that we've hired has been effective and thorough. She's disappointed that more people did not participate in the meetings that were held by the consultants.

13. Open to the Public

- **Public member #1** – stated that for the SAT Program, students have to put \$50 down and they get it back if they attend 80% of the classes. The presentations this evening on the Gifted & Talented Programs were good, especially what Dr. Brown said, which is what has been said all along. You're paying people to do consulting, but our teachers and staff have said the same thing and they are not getting paid. With regards to the parent portal, she recently got a call from our system saying that it opened yesterday, so how can you say it's up and running when you have to give it some time. Lastly she thanked the guidance department for sending her a blank report card since she is no longer a student in this district.
- **Public member #2** – stated to Mr. Lebreault that in the future, please make people say their name and address when they address the Board. Part of being a bureaucracy, is if a relative dies like an aunt, we don't expect everyone to know who died. Is it that important to the community; you can save a few minutes by pairing this list down. With regards to Dr. Brown, she gave a great presentation regarding the Gifted & Talented Program. Self-directed students are identified at the age of six, but it will become self-evident by the age of twelve that they are gifted. If you have to be fiscal in this area don't do it, hire two separate people. Don't pair it with another job, have one person do it because our kids need it.
- **Public member #3** – provided kudos to the Bilingual Department for creating the Parent Institute. We need to keep the Gifted and Talented Program separate from the Federal Office. The duties are too vast and too different. It will be more money, but it will be well spent. With regards to the Superintendent Search and the meeting with the consultants there were too few people there. The staff felt that since the interviews had begun, why bother since their information wouldn't be listened to. Why wasn't the survey done in Spanish? You're not as transparent as you could've been and that's why the staff participation was low. Mr. Lebreault stated that they didn't say that the committee would interview the candidates and they tried to be transparent and genuine. He is not satisfied that the survey wasn't in Spanish. The way it was communicated to the public and staff could've been communicated better. They were supposed to have you provide input to the search firm and your input was part of the questions that we asked.
- Mrs. Gonzalez said the first round of candidate interviews were not done until later. The search firm reviewed the qualifications and narrowed the candidates down to a certain number to be interviewed by the Board. The consultants brought back a list of your concerns. We are doing our due diligence and have more faith in these consultants. We are working hard on this and will get it right.
- **Public member #4** – stated that the NJIT kids program is great and her child went for one year and the science is great. Her son is in a Science Program now and it was because he was introduced to that part of the program. It's a great program, but you should get feedback from the program. The agenda needs to have errors taken out or corrected before it's posted.
