9163 SPECTATOR CODE OF CONDUCT FOR INTERSCHOLASTIC EVENTS

The Board of Education promotes a physically and emotionally safe and healthy playing environment at interscholastic events and insists good sportsmanship be exhibited at all times by student athletes, coaches, officials, and spectators at such events.

The New Jersey State Interscholastic Athletic Association (NJSIAA) requires the Board to establish policies and procedures relating to sportsmanship and to identify responsibilities of administrators, coaches, and students to ensure their observance. The NJSIAA requires the Board to adopt a Spectator Code of Conduct Policy for all spectators attending an interscholastic event.

The district's high school(s) is a member school of the NJSIAA. The NJSIAA and the Board require high standards of courtesy, fair play, and sportsmanship be featured at school district and NJSIAA interscholastic events. Unsportsmanlike conduct by a person at an event shall subject the individual to disciplinary action.

For the purpose of this Policy, a "home event" shall mean any event occurring in the school district's buildings or on school grounds.

For the purpose of this Policy, "school grounds" also includes other recreational places owned by local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of the land.

1. Unsportsmanlike conduct includes, but is not limited to, actions of a fan or spectator who:
 - a. Strikes or physically abuses an official, opposing coach, player, spectator, school staff member, or school security;
 - b. Intentionally incites participants or spectators to violent or abusive action;

The purpose of a threat assessment team shall be to provide school teachers, administrators, and other staff with assistance in identifying students of concern, assessing those students' risk for engaging in violence or other harmful activities, and delivering intervention strategies to manage the risk of harm for students who pose a potential safety risk, to prevent targeted violence in the school, and ensure safe and secure school environment that enhances the learning experience for all members of the school community.

Threat assessment teams established pursuant to N.J.S.A. 18A:17-43.4.a, this Policy, and Regulation 2419 must be multidisciplinary in membership and, to the extent possible, must include the following individuals:

1. A school psychologist, school counselor, school social worker, or other school employee with expertise in student counseling;
2. A teaching staff member;
3. A principal or other senior school administrator;
4. A safe schools resource officer or school employee who serves as school liaison to law enforcement; and

This Policy and Regulation 2419, pursuant to N.J.S.A. 18A:17-43.5, are aligned with the Guidance on the Establishment of Behavioral Threat Assessment and Management Teams (BTAM) 2023 (Guidance) developed by the New Jersey Department of Education (NJDOE) pursuant to N.J.S.A. 18A:17-43.6.

The school district shall structure the threat assessment teams to best meet the needs and resources available, which may include school-based teams and/or district level teams.

The Superintendent or designee will build a behavioral threat assessment and management program that will: establish a multi-disciplinary team; define prohibited and concerning behaviors; create a central reporting mechanism; define a threshold for law enforcement intervention; establish threat assessment procedures; develop risk management options; create and promote safe school climates; and conduct for all stakeholders.

The threat assessment and management process will include: the threat assessment team's actions when first learning of a new report or threat; screening the case; gathering information; organizing and analyzing information; making the assessment; developing and implementing a case management/intervention plan; re-assessing and case monitoring; and documenting and closing the case.

When assessing a student whose behavior may pose a threat to the safety of the school community, in the case of a student with an Individualized Education Program (IEP) or 504 Plan, the threat assessment team shall consult with the IEP team or 504 team to determine whether the aberrant behavior is a threat to school safety and is being properly addressed in a manner that is required by N.J.A.C. 6A:14 and all Federal and State special education laws

Each member of the threat assessment team must attend training in accordance with N.J.S.A. 18A:17-43.4, this Policy, and Regulation 7440 that is consistent with the Guidance developed by the NJDOE pursuant to N.J.S.A. 18A:17-43.6. Training must be coordinated with the New Jersey Department of Education, Office of School Preparedness and Emergency Planning (OSPEP). The training shall ensure the threat assessment team is able to accurately assess student behavior and to ensure that threat assessment teams do not have a disparate impact on students based on their race, ethnicity, homelessness status, religious belief, gender, gender identity, sexual orientation, or socioeconomic status. The training shall, at a minimum, include training on adverse childhood experiences, childhood trauma, cultural competency, and implicit bias.

Should a threat assessment team become aware of an allegation of HIB when considering or conducting assessments, they must follow Policy 5512 – Harassment, Intimidation, or Bullying for addressing allegations of HIB in alignment with the Anti-Bullying Bill of Rights Act.

Should a threat assessment team become aware of a bias-related act, the team should implement Policy and Regulation 8465 – Bias Crimes and Bias-Related Acts on reporting bias-related acts to law enforcement in accordance with the Memorandum of Agreement Between Education and Law Enforcement Officials and Policy and Regulation 9320 – Cooperation With Law Enforcement Agencies.

Questions and concerns about Family Educational Rights and Privacy Act (FERPA) and the Health Insurance Portability and Accountability Act (HIPAA) protections often arise as part of the threat assessment planning process. The threat assessment teams must understand how to balance the safety of the school with the privacy of individual students. These laws should not be an impediment to threat assessment and management.

2415 EVERY STUDENT SUCCEEDS ACT

The Every Student Succeeds Act (ESSA) is a reauthorization of the Elementary and Secondary Education Act (ESEA) of 1965 that provides Federal funds to help all New Jersey's school children achieve. The purpose of the ESSA is to ensure all students have equitable access to high-quality educational resources and opportunities and to close educational achievement gaps. The Board of Education elects to augment the instructional program of students by projects supported by Federal funds allocated under the ESSA and the district will comply with the requirements of all the programs authorized by the ESSA.

The district may be eligible for several grant programs funded through the ESSA, including, but not limited to, Title I through Title VII. Many of the Titles of the ESSA have several parts and subparts that provide a funding source for specific purposes.

Application Procedure

The district will submit an annual ESSA Consolidated Formula Subgrant Application to the New Jersey Department of Education (NJDOE). The school district's application shall include all information required by the NJDOE and the ESSA for the district to be considered for funding under the ESSA.

Covered Programs

Formula grants under the ESSA are non-competitive grants that school districts are eligible for based on the make-up of their student bodies. These formula grants for each Title are committed to different purposes and may be used to support different activities and programs.

Title I

The largest Federal program supporting elementary and secondary education is Title I. The ESSA strengthens Title I requirements for the State's assessments, accountability system, and support for school improvement. The law also requires minimum qualifications for teachers and paraprofessionals in Title I programs.

POLICY GUIDE

PROGRAM
2415/page 2 of 5
Every Student Succeeds Act

The school district must use the best available measure for identifying children from low-income families to: identify eligible school attendance areas, determine the ranking of each area, and determine allocations as identified in the Title I guidelines and regulations.

The school district will offer Title I services to eligible children enrolled in private elementary and secondary schools. The services and benefits will be equitable in comparison to services and benefits for participating public school children.

The school district will provide the New Jersey Department of Education assurances it will provide the maximum coordination between the Title I program, the regular school program, and services provided by other programs for specialized populations. The Title I program will consider the special needs of homeless children, migrant children, children with disabilities and limited English Language Learner (ELL) children. Title I funds will be reserved so that migrant children who are otherwise eligible to receive Title I services, even if they arrive during the school year, are served.

Type of Title I Program

The school district will offer a School Wide Title I program.

School-wide Program

High-poverty schools (a school with at least 40% poverty or any school below 40% poverty with a waiver issued by the New Jersey Department of Education) are eligible to adopt school-wide programs to raise the achievement of low-achieving students by improving instruction throughout the entire school, thus using Title I funds to serve all children in the school. A school-wide program must be established in accordance with the Title I guidelines and regulations and the New Jersey Department of Education.

3211 CODE OF ETHICS

The Board of Education endorses the code of ethics for professional educators published by the National Education Association (NEA).

Preamble

The educator, believing in the worth and dignity of each human being, recognizes the supreme importance of the pursuit of truth, devotion to excellence, and the nature of democratic principles. 5116 EDUCATION OF HOMELESS CHILDREN AND YOUTHS

The Board of Education will admit and enroll homeless children and youths in accordance with Federal and State laws and New Jersey Administrative Code. The Board of Education adopts this Policy to be in compliance with law and administrative code to ensure the enrollment of homeless children and youths in school and to respond to appeals made by parents or other parties related to the enrollment of homeless children and youths.

The Board shall determine that a child or youth is homeless when the child or youth resides in a publicly or privately operated shelter designed to provide temporary living accommodations, including: hotels or motels; congregate shelters, including domestic violence and runaway shelters; transitional housing; and homes for adolescent mothers. A child or youth is also determined homeless when the child or youth resides in a public or private place not designated for or ordinarily used as a regular sleeping accommodation, including: cars or other vehicles including mobile homes; tents or other temporary shelters; parks; abandoned buildings; bus or train stations; or temporary shelters provided to migrant workers and their children on farm sites. A child or youth is determined homeless when the child or youth resides in the residence of relatives or friends where the homeless child or youth resides out of necessity because the child's or youth's family lacks a regular or permanent residence of its own. A child or youth is also determined homeless when the child or youth resides in substandard housing.

The school district of residence for a homeless child or youth is responsible for the education of the child and shall assume all responsibilities as required in N.J.A.C. 6A:17-2.3. The school district of residence for a homeless child or youth means the school district in which the parent of a homeless child or youth resided prior to becoming homeless.

The school district liaison designated by the Superintendent of Schools for the education of homeless children and youths is Director of Special Funded Program or designee. The school district liaison will facilitate communication and cooperation between the school district of residence and the school district where the homeless child or youth resides and shall assume all responsibilities as outlined in N.J.A.C. 6A:17-2.4(a).

Education of Homeless Children and Youths

When a homeless child or youth resides in a school district, the school district liaison shall notify the liaison of the school district of residence within twenty-four hours of receiving notification from the parent, a shelter director, or an involved agency. Upon notification of the need for enrollment of a homeless child or youth, the liaison in the school district of residence shall coordinate enrollment procedures immediately based upon the best interest of the child pursuant to N.J.A.C. 6A:17-2.5(b).

The Superintendent of the school district of residence or designee shall decide in which school district the homeless child or youth shall be enrolled in accordance with the provisions of N.J.A.C. 6A:17-2.5.

Unless parental rights have been terminated by a court of competent jurisdiction, the parent retains all rights under N.J.A.C. 6A:17-2.

When a dispute occurs regarding the determination of homelessness or the determination of the school district of enrollment made by the school district of residence, the Superintendent(s) or the designee(s) of the involved district(s) or the child's or youth's parent(s) shall immediately notify the Executive County Superintendent of Schools, who, in consultation with the New Jersey Department of Education's (NJDOE) McKinney-Vento Homeless Education Coordinator or the Coordinator's designee, shall immediately decide the child's or youth's status. If a dispute remains between the parent and the involved school district(s) following the Executive County Superintendent's determination, the parent or the involved district Board(s) of Education may appeal to the Commissioner of Education for determination pursuant to N.J.A.C. 6A:3, Controversies and Disputes.

When a school district designated as the school district of residence disputes its designation as the school district of residence, or where no designation can be agreed upon by the involved school districts, the Superintendent(s) or designee(s) of the involved school districts shall immediately notify the Executive County Superintendent of Schools. The Executive County Superintendent shall make a determination immediately, if possible, but no later than within forty-eight hours and, when necessary, in consultation with the NJDOE's Homeless Education Coordinator or the Coordinator's designee.

If the dispute regarding determination of the school district of residence does not involve the determination of homelessness and/or school district of enrollment, the school district disputing the Executive County Superintendent's determination may appeal to the NJDOE pursuant to N.J.A.C. 6A:23A-19.2(d), (e), and (f) and request a determination from the NJDOE Division of Administration and Finance. If an appeal of a determination of school district of residence also includes an appeal of the determination of homelessness and/or school district of enrollment, the appeal shall be submitted to the Commissioner of Education pursuant to N.J.A.C. 6A:3, Controversies and Disputes.

Any dispute or appeal shall not delay the homeless child's or youth's immediate enrollment or continued enrollment in the school district. The homeless child or youth shall be enrolled in the school district in which enrollment or continued enrollment is sought by the parent, pending resolution of the dispute or appeal. Disputes and appeals involving the services provided to a homeless child or youth with a disability shall be made pursuant to N.J.A.C. 6A:14.

Notwithstanding the provisions of N.J.S.A. 18A:38-1, 18A:7B-12, or 18A:7B-12.1, or any other section of law to the contrary, any student who moves from one school district to another as a result of being homeless due to an act of terrorism or due to a natural disaster which results in the declaration of a state of emergency or disaster by the State or by the Federal government, may continue to enroll in the school district in which the parent or guardian last resided prior to becoming homeless for up to two full school years after the act of terrorism or natural disaster; and during the two-year period, if the student is enrolled in the district in which the parent last resided prior to becoming homeless and the student's parent remains homeless for that period, the student shall attend that district tuition-free and that district shall provide the student transportation to and from school in accordance with N.J.S.A. 18A:7B-12.3.

Financial responsibility, including the payment of tuition for the homeless child or youth, will be in accordance with N.J.A.C. 6A:17-2.8. The school district of residence shall list the child on its annual Application for State School Aid (ASSA) pursuant to N.J.S.A. 18A:7F-33 until the parent establishes a permanent residence or is deemed domiciled in another jurisdiction pursuant to N.J.S.A. 18A:38-1.d. 5200 ATTENDANCE

In accordance with the provisions of N.J.S.A. 18A:38-25, every parent or other person having control and custody of a child between the ages of six and sixteen shall cause the child to regularly attend school. The Board of Education requires students enrolled in the school district attend school regularly in accordance with the laws of the State.

For the purpose of this Policy and Regulation 5200, “parent” means the natural parent(s), adoptive parent(s), legal guardian(s), resource family parent(s), or surrogate parent(s) of a student. When parents are separated or divorced, “parent” means the person or agency who has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

Notwithstanding the requirement of reporting student absences in the school register for State and Federal reporting purposes, “excused” and “unexcused” student absences, for the purpose of expectations and consequences regarding truancy, student conduct, promotion, retention, and the award of course credit is a Board decision outlined in N.J.A.C. 6A:16-7.6 and Policy and Regulation 5200. In accordance with the provisions of N.J.A.C. 6A:16-7.6 and for the purposes of Policy and Regulation 5200, a student’s absence from school will either be excused or unexcused. Unexcused absences will count toward truancy.

A parent or adult student shall provide advance notice to the school prior to the student being absent from school. In accordance with N.J.S.A. 18A:36-25.6, if a student is determined to be absent from school without valid excuse, and if the reason for the student’s absence is unknown to school personnel, the Principal or designee shall immediately attempt to contact the student’s parent to notify the parent of the absence and determine the reason for the absence.

Students that are absent from school for any reason are responsible for the completion of assignments missed because of their absence. In accordance with N.J.S.A. 18A:36-14, a student who is absent from school for observing a religious holiday shall not be deprived of any award, eligibility, or opportunity to compete

for any award, or deprived of the right to take an alternate test or examination that was missed because of the absence provided there is a written excuse of such absence signed by the parent.

Prolonged or repeated absences, excused or unexcused, from school or from class, deprive students of the educational and classroom experiences deemed essential to learning and may result in retention at grade level or loss of credit or removal from a course that would count toward the high school diploma in accordance with policies of this Board.

Students shall be subjected to the school district's response for unexcused absences that count toward truancy during the school year as outlined in N.J.A.C. 6A:16-7.6(a)4. and Regulation 5200.

Unexcused absences from school or from classes within the school day may subject a student to consequences that may include the denial of a student's participation in co-curricular activities and/or athletic competition. Repeated absences from school interfere with efforts of the Board and its staff in the maintenance of good order and the continuity of classroom instruction and such absences may result in the removal of the student from a class or course of study.

The Superintendent shall calculate and monitor the average daily attendance rate for the district and for each school in the district. Whenever the average daily attendance rate does not meet the New Jersey Department of Education requirements the Superintendent or designee shall develop a district improvement plan to improve student attendance pursuant to N.J.A.C. 6A:30-5.2.

Harassment, Intimidation, or Bullying

- O. Reports to Law Enforcement
- P. Collective Bargaining Agreements and Individual Contracts

- A. Prohibiting Harassment, Intimidation, or Bullying

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. The Board has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards; harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff, and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s); adoptive parent(s); legal guardian(s); resource family parent(s); or surrogate parent(s) of a student. When parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided parental rights have not been terminated by a court of appropriate jurisdiction.

- B. Definition of Harassment, Intimidation, or Bullying

"Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;

2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;
3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to their person or damage to their property; or
 - b. Has the effect of insulting or demeaning any student or group of students; or
 - c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

The Board of Education recognizes that bullying is unwanted, aggressive behavior that may involve a real or perceived power imbalance. Recognizing "a real or perceived power imbalance" may assist school officials in identifying harassment, intimidation, or bullying within the context and relative positions of the alleged aggressor and target.

"Electronic communication" means a communication transmitted by means of an electronic device, including, but not limited to, a telephone, cellular phone, computer, or remotely activating paging device in accordance with N.J.A.C. 6A:16-1.3.

In accordance with the Board's Code of Student Conduct and this Policy, all acts of harassment, intimidation, or bullying that occur off school grounds, such as "cyber-bullying" (e.g., the use of electronic means to harass, intimidate, or bully) are addressed in this Policy.

C. Student Behavior

The Board of Education expects students to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities, with a proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment, consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the parents and other community representatives, school administrators, school employees, school volunteers, and students of the school district, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and that it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities for helping students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, or bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property, and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and

4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, school employees, volunteers, students, and community representatives, in the development of this Policy.

Pursuant to N.J.A.C. 6A:16-7.1, the Board developed guidelines for student conduct, taking into consideration the nature of the behavior; the nature of the student's disability, if any and to the extent relevant; the developmental ages of students; severity of the offenses and students' histories of inappropriate behaviors; and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent shall annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. The school district will support students who:

1. Walk away from acts of harassment, intimidation, or bullying when they see them;
2. Constructively attempt to stop acts of harassment, intimidation, or bullying;
3. Provide support to students who have been subjected to harassment, intimidation, or bullying; and
4. Report acts of harassment, intimidation, or bullying to the designated school staff member.

D. Consequences and Remedial Actions

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Student Conduct, and the consequences and remedial responses for staff members who commit one or more acts of harassment, intimidation, or bullying.

In every incident found to be harassment, intimidation, or bullying, the school Principal, in consultation with appropriate school staff, may apply disciplinary consequences and/or remedial actions, such as the provision of counseling, behavioral interventions, or other measures.

Appropriate consequences and remedial actions are those that are graded according to the severity of the offenses; consider the developmental ages of the student offenders; the nature of the student's disability, if any and to the extent relevant; and students' histories of inappropriate behaviors, per the Code of Student Conduct and N.J.A.C. 6A:16-7.

The following factors, at a minimum, shall be given full consideration by the school administrators in the implementation of appropriate consequences and remedial measures for each act of harassment, intimidation, or bullying by students.

The Principal, in consultation with appropriate school staff, shall develop an individual student intervention plan when a student is found to be an offender in three harassment, intimidation, or bullying incidents and each subsequent incident occurring within one school year. The student intervention plan may include disciplinary consequences and/or remedial actions and may require the student, accompanied by a parent, to satisfactorily complete a class or training program to reduce harassment, intimidation, or bullying behavior. Each student intervention plan must be approved by the Superintendent.

While the majority of incidents may be addressed solely by school officials, the Superintendent or designee and the Principal shall report a harassment, intimidation, or bullying incident to law enforcement officials if the conduct rises to the level of a mandatory report as outlined in the Uniform State Memorandum of Agreement Between Education and Law Enforcement Officials.

E. Reporting Harassment, Intimidation, or Bullying

The Board of Education requires the Principal at each school to be responsible for receiving all complaints alleging harassment, intimidation, or bullying committed by an adult or youth against a student. All Board members, school employees, and volunteers and contracted service providers who have contact with students, are required to verbally report alleged acts of harassment, intimidation, or bullying to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident. All Board members, school employees, and contracted service providers who have contact with students, also shall submit a New Jersey Department of Education-approved HIB 338 Form to the Principal within two school days of the verbal report. Failure to make the required report(s) may result in disciplinary action. The HIB 338 Form shall be kept on file at the school, but shall not be included in any student record unless the incident results in disciplinary action or is otherwise required to be contained in a student's record under State or Federal Law.

The district may not fail to initiate an investigation of harassment, intimidation, or bullying solely because written documentation was not provided. Failing to conduct a harassment, intimidation, or bullying investigation solely because a parent or student did not submit written documentation violates the Anti-Bullying Bill of Rights Act and this Policy. If a parent makes a verbal allegation of harassment, intimidation, or bullying to a district staff member, but does not complete and submit the HIB 338 Form, the staff member or a designee must complete and submit the HIB 338 Form.

The Principal or designee is required to inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services. Pursuant to N.J.A.C. 6A:16-7.7(a)2.viii.(2), when providing notification to the parents of all students involved, the Principal or designee shall take into account the circumstances of the incident when conveying the nature of the incident, including the actual or perceived category motivating the alleged offense. The Principal or designee shall keep a written record of the date, time, and manner of notification to the parents.

STUDENTS

Harassment, Intimidation, or Bullying

The Principal, upon receiving a verbal or written report, may take interim measures to ensure the safety, health, and welfare of all parties pending the findings of the investigation.

Students, parents, and visitors are encouraged to report alleged acts of harassment, intimidation, or bullying to the Principal or designee on the same day when the individual witnessed or received reliable information regarding any such incident. The school district shall provide a person an online means to complete the HIB 338 Form to anonymously report an act of harassment, intimidation, or bullying. Formal action for violations of the Code of Student Conduct may not be taken solely on the basis of an anonymous report.

A Board member or school employee who promptly reports an incident of harassment, intimidation, or bullying and who makes this report in compliance with the procedures set forth in this Policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The Principal shall promptly submit a copy of each completed HIB 338 Form to the Superintendent.

The district may consider every mechanism available to simplify reporting, including standard reporting forms and/or web-based reporting mechanisms. For anonymous reporting, in addition to making the HIB 338 Form available online, the district may consider locked boxes located in areas of a school where reports can be submitted without fear of being observed.

A school administrator who receives a report of harassment, intimidation, or bullying or who determines a reported incident or complaint, assuming all facts presented are true, is a report within the scope of N.J.S.A. 18A:37-14 and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action. The district also should consider procedures and disciplinary action when it is found that someone had information regarding a harassment, intimidation, or bullying incident, but did not make the required report(s).

G. Investigating Allegations of Harassment, Intimidation, or Bullying

Investigate All Reports

The Board of Education requires a thorough and complete investigation to be conducted for each report of an alleged incident of harassment, intimidation, or bullying. All details of an alleged incident must be populated into the HIB 338 Form. However, completing the form shall not delay beginning the investigation in accordance with the law.

The HIB 338 Form shall be kept on file at the school and will only be added to a student record if the alleged incident is founded, disciplinary action is imposed or is otherwise required to be contained in a student's record under State or Federal law.

The investigation shall be initiated by the Principal or designee within one school day of the verbal report of the incident. The investigation shall be conducted by the school Anti-Bullying Specialist appointed by the Principal. The Principal may appoint additional personnel who are not school Anti-Bullying Specialists to assist the school Anti-Bullying Specialist in the investigation. Investigations of complaints concerning adult conduct shall not be investigated by a member of the same bargaining unit as the individual who is the subject of the investigation. The Anti-Bullying Specialist may not participate in an investigation regarding their supervisor or staff at a higher administrative level.

The investigation shall be completed, and the written findings submitted to the Principal as soon as possible, but not later than ten school days from the date of the written report of the alleged incident of harassment, intimidation, or bullying or from the date of the written notification from the Superintendent to the Principal to initiate an investigation. Should information regarding the reported incident and the investigation be received after the end of the ten-day period, the school Anti-Bullying Specialist or the Principal shall amend the original report of the results of the investigation to ensure there is an accurate and current record of the facts and activities concerning the reported incident.

The Principal shall proceed in accordance with the Code of Student Conduct, as appropriate, based on the investigation findings. The Principal shall submit the report to the Superintendent within two school days of the completion of the investigation and in accordance with the Administrative Procedures Act (N.J.S.A. 52:14B-1 et seq.). As appropriate to the findings from the investigation, the Superintendent shall ensure the Code of Student Conduct has been implemented and provide intervention services; order counseling; establish training programs to reduce harassment, intimidation, or bullying and enhance school climate; or take or recommend other appropriate action, including seeking further information as necessary.

The Superintendent shall report the results of each investigation to the Board no later than the date of the regularly scheduled Board meeting following the completion of the investigation. The Superintendent's report also shall include information on any consequences imposed under the Code of Student Conduct; intervention services provided; counseling ordered; training established; or other action taken or recommended by the Superintendent.

Parents of students who are parties to the investigation shall be provided with information about the investigation, in accordance with Federal and State law and regulation. The information to be provided to parents includes the nature of the investigation, whether the district found evidence of harassment, intimidation, or bullying, or whether consequences were imposed or services provided to address the incident of harassment, intimidation, or bullying. This information shall be provided in writing within five school days after the results of the investigation are reported to the Board. The district may not divulge personally identifying information or any information that could result in the identification of any student other than the child of the parents being notified.

A parent may request a hearing before the Board after receiving the information. Any request by the parents for a hearing before the Board concerning the written information about a harassment, intimidation, or bullying investigation, pursuant to N.J.S.A. 18A:37-15b(6)(d), must be filed with the Board Secretary no later than sixty calendar days after the written information is received by the parents. The hearing shall be held within ten business days of the request. Prior to the hearing, the Superintendent shall confidentially share a redacted copy of the HIB 338 Form that removes all student identification information with the Board. The Board shall conduct the hearing in executive session, pursuant to the Open Public Meetings Act (N.J.S.A. 10:4.1 et seq.), to protect the confidentiality of the students. At the hearing, the Board may hear testimony from and consider information provided by the Anti-Bullying Specialist and others, as appropriate, regarding the alleged incident; the findings from the investigation of the alleged incident; recommendations for consequences or services; and any programs instituted to reduce such incidents, prior to rendering a determination.

At the regularly scheduled Board meeting following its receipt of the report or following a hearing in executive session, the Board shall issue a decision, in writing, to affirm, reject, or modify the Superintendent's decision. The Board's decision may be appealed to the Commissioner of Education, in accordance with N.J.A.C. 6A:3, no later than ninety days after the issuance of the Board's decision.

A school administrator who receives a report of harassment, intimidation, or bullying, or who determines a reported incident or complaint, assuming all facts presented are true, is a report within the scope of N.J.S.A. 18A:37-14 and fails to initiate or conduct an investigation, or who should have known of an incident of harassment, intimidation, or bullying and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.

The Board also requires the thorough investigation of complaints or reports of harassment, intimidation, or bullying, occurring on district school buses, at district school-sponsored functions, and off school grounds involving a student who attends an approved private school for students with disabilities. The investigation will be conducted by the Board's Anti-Bullying Specialist in consultation with the approved private school for students with disabilities.

H. Responding to Harassment, Intimidation, or Bullying

The Board of Education authorizes the Principal of each school to define the range of ways in which school staff will respond once an incident of harassment, intimidation, or bullying is confirmed, and the Superintendent shall respond to confirmed harassment, intimidation, or bullying, according to the parameters described below and in this Policy. The Board recognizes that some acts of harassment, intimidation, or bullying may be isolated incidents requiring that the school officials respond appropriately to the individual(s) committing the acts. Other acts may be so serious or parts of a larger pattern of harassment, intimidation, or bullying that they require a response either at the classroom, school building, or school district levels or by law enforcement officials.

POLICY GUIDE

STUDENTS

5512/page 19 of 27

Harassment, Intimidation, or Bullying

Consequences and appropriate remedial actions for a student who commits an act of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion, as permitted under N.J.S.A. 18A:37, Discipline of Pupils and as set forth in N.J.A.C. 6A:16-7.2, Short-term suspensions, N.J.A.C. 6A:16-7.3, Long-term suspensions, and N.J.A.C. 6A:16-7.4, Expulsions.

In considering whether a response beyond the individual is appropriate, school officials shall consider the nature and circumstances of the act; the degree of harm; the nature and severity of the behavior; past incidences or past or continuing patterns of behavior; and the context in which the alleged incident(s) occurred. Institutional (i.e., classroom, school building, school district) responses can range from school and community surveys, to mailings, to focus groups, to adoption of research-based harassment, intimidation, or bullying prevention program models, to training for certificated and non-certificated staff, to participation of parents and other community members and organizations, to small or large group presentations for fully addressing the actions and the school's response to the actions, in the context of the acceptable student and staff member behavior and the consequences of such actions, and to the involvement of law enforcement officers, including safe schools resource officers.

This Policy and the Code of Student Conduct shall apply to instances when a school employee is made aware of alleged harassment, intimidation, or bullying occurring off school grounds.

For every incident of harassment, intimidation, or bullying, the school officials must respond appropriately to the individual who committed the act. The range of responses to confirmed harassment, intimidation, or bullying acts should include individual, classroom, school, or district responses, as appropriate to the findings from each incident. Examples of responses that apply to each of these categories are provided below:

1. Individual responses can include positive behavioral interventions (e.g., peer mentoring, short-term counseling, life skills groups) and punitive actions (e.g., detention, in-school or out-of-school suspension, expulsion, law enforcement report or other legal action).

POLICY GUIDE

STUDENTS

5512/page 20 of 27

Harassment, Intimidation, or Bullying

2. Classroom responses can include class discussions about an incident of harassment, intimidation, or bullying, role plays, research projects, observing and discussing audio-visual materials on these subjects, and skill-building lessons in courtesy, tolerance, assertiveness, and conflict management.
3. School responses can include theme days, learning station programs, parent programs, and information disseminated to students and parents, such as fact sheets or newsletters explaining acceptable uses of electronic and wireless communication devices or strategies for fostering expected student behavior.
4. District-wide responses can include community involvement in policy review and development; professional development programs; adoption of curricula and school-wide programs; coordination with community-based organizations (e.g., mental health, health services, health facilities, law enforcement officials, faith-based organizations); and disseminating information on the core ethical values adopted by the Board's Code of Student Conduct, per N.J.A.C. 6A:16-7.1(a)2.

In providing support for victims of harassment, intimidation, or bullying, the district should identify a range of strategies and resources, which may include, but is not limited to, the following actions for individual victims:

- Counseling;
- Teacher Aides;
- Hallway and playground monitors;
- Schedule changes;
- Before and after school supervision;
- School transportation supervision;
- School transfers; and
- Therapy.

I. Reprisal or Retaliation

The Board of Education prohibits a Board member, school employee, contracted service provider who has contact with students, school volunteer, or student from engaging in reprisal, retaliation, or false accusation against a victim, witness, or any other person who has reliable information about an act of harassment, intimidation, or bullying or who reports an act of harassment, intimidation, or bullying. The consequence and appropriate remedial action for a person who engages in reprisal or retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act, in accordance with case law, Federal and State statutes and regulations, and district policies and procedures.

J. False Accusations of Harassment, Intimidation, or Bullying

The Board of Education prohibits any person from falsely accusing another as a means of harassment, intimidation, or bullying.

1.
