5. Meeting open to the public for discussion of agenda items.

- Public member #1 – spoke about curriculum item #7 – the school calendar. She stated that the staff recently received a letter from Human Resources stating that anyone who wishes to take a day off for a religious observance must use their personal time. The question of why would staff have to use their personal time was asked. What happens if they need to use their personal time for something else? They won't have any additional time left. Everyone should work collaboratively to come up with the school calendar.
- She also asked a question with regards to the student presentation. At the last board meeting the student presentation didn't happen because the board had a long executive session and the students had to leave. We feel that the executive sessions run long so as to keep people from voicing their opinions on certain items. When people have to hang around later because executive session ran long, they feel it's very disrespectful.
- Public member #2 - spoke about curriculum item #7 – the school calendar. People have to use personal days for personal business or religious holidays and observances. You can't use sick days for this. It's a decision and if you use up all your days, people can be reasonable, discussions could be had. Common sense should be used when making up the calendar.
- Public member #3 - spoke about curriculum item #7 – the school calendar. The bigger issue is that the union and the board always sat together to discuss the calendar. When Dr. Caffrey came to the district she broke the calendar and didn't take suggestions from the union. By not sitting with the union you don't sit with these people that are here this evening. You should get out from behind that table and meet with the people.

B. Board President's Report – Mr. Samuel Lebreault

- Mr. Lebreault stated that the McGinnis School will put on the play Guys & Dolls on April 15 and 16. Everyone is encouraged to attend.
- The high school baseball team will play Woodbridge on April 10th at Somerset Patriots Stadium at Bridgewater. It should be a good game and everyone is encouraged to attend and support our team.
- On April 13th the high school will hold their National Honor Society Induction Ceremony.
- Regarding executive session, back in the day executive sessions were held at the end of the public meeting and the public complained that it was not right because the board would return very late and then would take action on items when no one was here to voice their opinion. Therefore the board decided to move it earlier in the meeting and now people complain that we take too long. No matter what the Board does, no one will be happy. By having the executive session at the beginning of the meeting people will be able to hear what was discussed in executive session, have the knowledge of what was discussed and discuss those topics.

15. New Business

- Mr. Varela asked a question with regards to new buses that were purchased. The new buses have air breaks and Mr. Varela wanted everyone to be aware of the fact that they are different and that some of our drivers are not trained on how to use them. Will we be educating our staff members and providing them training on these brakes and will we be helping to pay for this new endorsement on their drivers licenses?
- Mr. Lebreault stated that this is in the administrative realm; the board should not offer an opinion as to what to purchase, but fiscally we should ensure that the equipment is being used.

<u>Varela</u>	<u>Nunez</u>	(To close new business)
Motion	Seconded	CARRIED UNANIMOUSLY

16. Open to the Public

- Public member #1 - stated that he's watched the board meetings on our cable TV station and there are large gaps between the hours of programming. Perhaps some student performances could be placed on channel 34 for all to see and to fill in the programming gaps. Maybe we can coordinate exhibitions of student work to show case and to provide students with this information when they are looking to apply for colleges.

16. Open to the Public

- This person also asked about 584 Charles Street: what is our appraisal; do we have an appraisal from the current owner; how many parking spaces will be developed from the purchase and demolition of these homes and could we utilize the back of the school for parking?
- Public member #2 - has been a teacher at Shull School for 28 years. She's put in extra hours, but it never occurred to her to keep track of them. Last year she had to submit artifacts of her time spent at work and now she keeps a journal. In her journal she recorded the time she spends on grades, grading test papers, speaking with parents, entering information in the parent portal, designing projects, researching the internet for school projects and school work for the kids, working on lesson plans, dealing with students and how they are doing and getting set for the next day. Teachers use their own money for student and staff supplies. She's logged 45 hours just getting ready for school. It's a lot of hours. It's all certified staff, administration and non-certificated staff in the labor force. It's not a decent contract; we will be taking a pay cut. Can you look at her and say she's not worth pay that's hers? How could anyone tell teachers to work 83 hours of unpaid overtime. The restoration of fully paid health benefits and a raise is what we need, not a pay cut.
- Public member #3 - stated that chapter 78 expired, but not really as it's still in effect halfway. Both sides need to be fair with realistic goals. She's here all day and she's here for the kids. The health law was set up by Trenton, not the board or the superintendent. We need to see a reasonable amount for this. NJEA has been told that we can't vote on this contract. If you're all professional's than treat people that way.
- Public member #4 - she's been in the district for 34 years. This is the fourth contract she's been part of negotiations and she's never been involved where the Board of Education members have had to leave early. The AFT is always prepared to stay. We've never been told here's your proposal if you don't like it too bad. Please clear your calendar so we can meet.
- Public member #5 - is a junior who spoke about PARCC. She's worried that by taking the PARCC exam her AP classes will be affected because she won't be able to spend time in those classes. She asked the board to please review the schedule to see if something can be done so students don't suffer by losing their classes.
